

 **FALL PROTECTION**

RM Harness - Size M

REF. 1003439

**GENERAL DATA**

Division : Fall Protection  
Family : Fall Protection  
Range : Harness  
Brand formerly known as : MILLER  
Business Countries  
EMEA  
Activity Domains :  
Telecoms • Utilities

**Product Use :**

Full body harness with elasticated shoulder strap, front anchorage loop, back D-ring and positioning belt.

## PRODUCT ADVANTAGES

**Feature :**

Rear and sternal anchorage for fall arrest, ventral anchorage loops (access and suspension) and side anchorage (work-positioning).

Patented elasticated webbing on the shoulder straps stretches with the user for greater freedom of movement and comfort with reduced fatigue.

Lightweight and easy-to-fit with quick-fixing automatic buckles

Greater productivity thanks to the padded belt and leg straps that provide excellent support for work in suspension.

**Benefit :**

The RM harness is a light and comfortable full body harness. One of its main features is a very easy setup, thanks to its 3 quick-lock buckles (thighs + belt). Work in suspension is made more comfortable with a design that applies the load on the thighs and not on the entire harness.

The perfect compromise between freedom of movement for access and excellent support for suspension.

Its versatility, ease of use, as well as its elasticated webbings allow multiple applications, for all kinds of people working at height.

## TECHNICAL DESCRIPTION

### Webbings

**Webbing :**

Shoulder straps

**Material :**

Polyamide & elastomer

**Width (mm) :**

45

**Breaking Strength :**

>2200 daN

### Dorsal D-Ring

**Raw Material :**

stainless steel

**Dimensions :**

54x62x7mm

**Breaking Strength :**

> 4000 daN

### Adjustement Buckles

**Raw Material :**

aluminum

**Breaking Strength :**

> 750 daN

### Belt

**Side D-Rings :**

Aluminium alloy

**Dimensions :**

60x64x7mm

### Back Pad

**Material :**

black polyester foam

### Performance

**Operating Temperature :**  
-30°C to +50°C

### General Information

**Weight (kg) :**  
1.58 kg

**Size :**  
M/L

**Complementary Information :**  
**Automatic buckles :** stainless steel & aluminum  
Breaking strength > 900 daN

## ADDITIONAL INFORMATION

**User manual number :**  
90004212

## CERTIFICATION AND CONFORMITY

**European Directives :**  
89/686/EEC

**EC Category PPE\* :** Class 3

**Standards :**  
EN358 / EN361

**Quality Assurance :**  
ISO 9001 / 2000

**EC Certification Number :**  
333
