

RGH11multi Function Harness

Accredited To: BS EN 358 & 361

Web Material: 43mm webbing 2850kg water repellent polyester

Fittings: 43mm webbing 2850kg water repellent polyester

Features:

4 Sizes available

- Approx sizes “inches”

	Waist	Chest
A	< 31	< 35
B	29-38	33-42
C	36-45	40-49

Features:

- Multi purpose harness for most applications
- Front and rear ‘D’s for fall arrest and rescue
- Work positioning side ‘D’s allow for hands free working
- New design of front chest ‘D’ mounted on O rings eliminates webbing stress areas and even distribution of forces in the event of a fall
- Annoying webbing tails are eliminated from the front of the harness
- Curved stainless steel leg adjusters provide fast and effective non slip adjustment
- Specially angled 75mm wide sit strap provides added comfort in the event of a fall or during rescue
- Velcro shoulder pads allow for temporary attachment of lanyard and pole strap during climbing
- Water repellent webbing highly resistant to water, oil, dirt & grease stains
- Tightly woven construction for added abrasion resistance.
- Colour coordinated straps to ensure fast and correct fitting of leg straps
- Twin layer moulded water repellent back pad support, incorporating internal cushioning and ribbing for extra comfort and sturdy spinal support.
- Back pad high visibility reflecting strip
- Extra cross bar on side ‘D’s ensures ‘D’ remains stationary and outwardly cranked to provide simple and effective one handed hook attachment
- Additional label sewn to waist strap to allow for entering user details
- Lightweight approx weights (kg) A) 1.7 B) 1.8 C) 1.9 D) 2.0

Fully approved, tested and used extensively by major utility companies
